

# 188 Acres of Indian Land Offered for Sale

## Valuation Set Over Million

A total of 188 acres of Indian land — valued at about \$1,250,000 — has been placed on sale here, the Palm Springs office of the Bureau of Indian Affairs said today.

The acreage represents the largest single portion of Indian land ever offered for sale here and has been estimated as the second largest sale in dollar value.

THE SALE OF DE MUTH Park with other acreage in May, 1958, placed that transaction above the figure quoted for the present sale.

Sealed bids on the properties, 13 specifically delineated parcels, will be received in the Bureau of Indian Affairs office at 509 Industrial Place prior to 10 a. m., June 30, when they will be publicly opened.

The properties include:

APPROXIMATELY 20 acres in Section 2, owned by Cheryl Rae Saubel.

—Twenty acres in Section 2, owned by Rosanna Michele Saubel.

—Ten acres in Section 10, owned by the heirs of Sylvia Julia Patencio.

—Twenty acres in Section 10, belonging to Richard Michael Milanovich.

—TWENTY ACRES in Section 10, belonging to Genevieve St. Marie.

—Ten acres in Section 22, owned by the heirs of Sylvia Julia Patencio.

—Five acres in Section 26, owned by Leo Arenas.

—A total of 13.17 acres in Section 26, heir of Eleuterio Brown Arenas.

—Twenty acres in Section 24, owned by Deanna Marie Andreas.

—TWENTY ACRES in Section 24, belonging to John Damon Andreas.

—Five acres in Section 14, owned by Flora Cruz.

—Five acres in Section 14, owned by Dorothy Segundo Rice.

—Twenty acres in Section 12, belonging to Gwendolyn Saubel.

Additional descriptions and bid forms may be obtained at the Indian Affairs office here or at the Sacramento Area office, at P. O. Box 749, Sacramento 4, California.

## Wife of Soviet Diplomat Asks Political Asylum

LONDON (UPI) — Mine Nina Dmitriev, 35, a Soviet diplomat's wife who escaped to freedom with her five-year-old daughter, Lena, hid today from the secret agents she outwitted while the British government studied her appeal for asylum.

Asylum is granted almost automatically in most cases.

Her husband, Capt. Aleksandr Dmitriev, the assistant Soviet naval attaché, was returned to Moscow late Wednesday by security agents aboard a Russian jet. There were two empty seats for the mother and daughter.

## New Mammoth Landslide Feared

SANTA MONICA, Calif. (UPI) — State engineers today feared another mammoth landslide may follow Wednesday's 900-ton slide which blocked off Pacific Coast Highway, the main coastal artery between Los Angeles and San Francisco.

The slide was in the same area which for years has been plagued by landslides.

## Fourth Annual

## Sun Carriers Set Disneyland Trip

Carrier boys for The Desert Sun, who have almost as many recreational programs annually as the Village's Boys' Club, today started aiming for the Fourth Annual Junior Independent Merchant Disneyland Tour on June 15.

The day-long visit to Walt Disney's "Magic Kingdom" in Anaheim takes on special luster this year with the addition of a completely new look at the sprawling recreation park. Included in new facilities are:

—A "SUBMARINE VOYAGE" in a pool containing enough water to fill 360 average size backyard swim pools and with enough strange fish to excite even the most jaded skindiver.

—A ride on America's first functioning monorail system — the Disneyland-Alweg system — which may be the answer to jam-packed

**Weather**  
Desert Area Forecast:  
Sunny today and Friday. Gusty afternoon and evening winds. Little change in temperature. Highs today 78-88 upper valleys, 88-98 lower valleys.  
Yesterday's high was 90, the low 54.

## Ike Appeals For Progress At Geneva

### Confers for Half Hour With Four Foreign Ministers

WASHINGTON (UPI) — President Eisenhower personally appealed to the Big Four foreign ministers today for progress at the deadlocked Geneva Conference in order to justify a summit meeting.

The President conferred in his office for about a half hour with the foreign ministers and Russia's Andrei Gromyko said afterwards that it was a "pleasant and useful conversation."

THE WHITE HOUSE said in a statement that the President had "expressed the hope that on their return to Geneva the foreign ministers would be able to achieve that measure of progress which would make a subsequent meeting of the heads of government desirable and useful."

The President said that he had followed the Geneva Conference proceedings with close attention, "the White House said."

"HE EXPRESSED the hope that the thorough exchange of views that are taking place there would lead to a better approach to the solution of the problem that confront us in Europe. He, of course, stressed the necessity of finding peaceful solutions to our problems."

"The President likewise, expressed the hope that on their return to Geneva the foreign ministers would be able to achieve that measure of progress which would make a subsequent meeting of heads of government desirable and useful."

THE BIG FOUR foreign ministers had broken off their Geneva talks to attend the funeral of John Foster Dulles.

Meeting with the President were Gromyko, Secretary of State Christian A. Herter, British Foreign Minister Selwyn Lloyd, and French Foreign Minister Maurice Couve de Murville.

All appeared to be in a jovial mood when they emerged.

WHITE HOUSE PRESS Secretary James Hagerly reported that at the outset of the meeting, the President expressed his thanks for the respect the visiting foreign ministers had shown to Dulles by flying here for the funeral.

transportation snarls in America's major cities.

—A BOBBLED RIDE down a 146-foot replica of the Matterhorn, the tallest structure in Orange County. (The mountain built at Disneyland is the equivalent of a 14-story building.)

In addition, all of the regular Disneyland features are still going strong, giving the park a grand total of 48 rides.

TO QUALIFY FOR the Disneyland adventure, Desert Sun carriers need only submit six new three-month subscriptions.

The trip itself includes a full-day stay in Disneyland with a book of tickets containing 15 rides, a lunch ticket containing 15 rides, a lunch money given to each carrier as he piles off the Tanner Grey Line bus which will afford transportation. Refreshments will also be served aboard the bus en route to and from the Anaheim excursion.

LEADERS OF VILLAGE music organizations met yesterday for the first time in Palm Springs history in an attempt to evolve coordinated scheduling of musical programs for the 1959-60 season. Seated from left, are Harry Tomlinson, J. Bradley Davis and Mrs.

John F. Luccarelli. Standing are Hugh Givens, Mrs. Ruth Marx, Jimmy Cooper, Charlotte Bossel, Ethel Fisher, Janet Wullner, Alex Hammond and Dr. C. E. Smith. (Desert Sun Photo).

## Driver Injured After Blowout On Highway 74

PALM DESERT — Daniel Patrick Ryan, 40, of Palm Desert, suffered head lacerations and was hospitalized at Casita Hospital in Indio last night following an accident on Highway 74.

California Highway Patrol officers said that Ryan had a blowout while traveling north on the Palm-to-Pines Highway, swerved into a guard rail, cut across the highway and hit the mountain side, and then careened back to come to rest again on the guard rail.

Ryan was picked up by a passing motorist and taken to the hospital.

The CHP said the accident happened at 11 o'clock last night about five miles south of Highway 111 in Palm Desert.

Meeting with the President were Gromyko, Secretary of State Christian A. Herter, British Foreign Minister Selwyn Lloyd, and French Foreign Minister Maurice Couve de Murville.

All appeared to be in a jovial mood when they emerged.

WHITE HOUSE PRESS Secretary James Hagerly reported that at the outset of the meeting, the President expressed his thanks for the respect the visiting foreign ministers had shown to Dulles by flying here for the funeral.

## MUSICAL GROUPS PLAN CALENDAR

An historic meeting that involved virtually all of the musical organizations of Palm Springs yesterday launched a preliminary study of programs scheduled for the fall, winter and spring music season here.

The meeting was held in the conference room of the Palm Springs Chamber of Commerce and was sponsored jointly by the Chamber and The Desert Sun.

PRESENT WERE representatives of the Playhouse Guild, Music Society, Community Concerts Association, Jewish Community Center, Desert Museum and Palm Springs Unified School District.

After Jimmy Cooper had explained the need for calendar aid in preventing duplication of dates for the concerts here, the list of events now scheduled for the 59-60 season was detailed.

The detailing indicated the need for such a calendar, Cooper said.

## Marines Stage Attack by Air

CAMP PENDLETON (UPI)—Thousands of battle-clad marines stormed this sprawling base today through the surf and through the air in the largest West Coast landing since January, 1957.

More than 60 ships, including 35 troop transports, moved into position before dawn for the attack on an imaginary enemy force at the base.

## McDonald Says No Reason for Steel Strike

WASHINGTON (UPI) — United Steelworker's President David J. McDonald said today there is no reason for a steel strike this year "if reason and moderation prevail in genuine collective bargaining."

But he said three weeks of negotiation for a new contract have "gotten nowhere" because of "an absolute refusal by the companies to bargain in good faith."

MRS. JOHN F. LUCCARELLI of the Playhouse Guild explained that the Ballet Russe would not be available to the organization.

See CALENDAR, Page 2

## Salary Schedule Setting Method May Be Revised

A general revision of methods of establishing salary schedules for administrative and supervisory personnel in the Palm Springs Unified School District may be sought following a study session by the Board of Education with district administrators.

The meeting, held last night in the Frances Stevens School, discussed an interim report of the district's Joint Salary Study Committee.

THE BASIC SALARY schedule already approved by the board was recommended by the committee for use as a base for administrators. But, the committee suggested, a "responsibility factor" should be added to this basic salary in determining how much additional salary the supervisory personnel should receive.

The committee pointed out that utilization of this salary schedule would provide a method that would be "easily administered, rapidly computed, completely objective and statistically inter-related."

AN ADMINISTRATOR with three years of prior experience as a principal would receive credit in the R-factor chart for this previous work and would attain a higher R-factor rating than a person who had, say, one year of previous experience as a principal.

Schools Supt. Dwight Twist said that the study session made no commitments but did indicate that it will bring the matter before a regular meeting of the board.

## Oil Lease Plant At Taft Explodes

TAFT, Calif. (UPI) — A McKittick oil lease plant northwest of here was rocked by three explosions and fire today with two workers suffering injuries.

## Able and Baker Are In Perfect Condition

CAPE CANAVERAL (UPI) — Two little monkeys flew 300 miles into space today in the nose cone of a Jupiter missile and were recovered alive.

The flight of the two pint sized simians, Able and Baker, gave science important new data needed to insure the safe space flight of man.

Brig. Gen. John H. McNinch, chief of the Army's Medical Research and Development Command, said six and one-half hours after the Jupiter firing that the monkeys were retrieved "alive and in perfect condition."

McNINCH SAID there would be no further information on the effects of the journey on the monkeys "at this time."

The monkeys, first to be recovered alive from a space flight, spent about 15 minutes on their flight which got to a height of about 300 miles. Their nose cone space ship plopped down in the Atlantic 1,500 miles to the southeast near Antigua.

Able and Baker are scheduled to be taken to Washington and displayed Saturday.

MONKEY ABLE, the more educated of the pair of space travelers, was to have sent a type of telegraph signal back to earth during the flight by pressing a key attached to her body. No signals were picked up, which may have been caused by a malfunction of the instrument or because Able refused to perform as trained.

Able, an American Rhesus weighing seven pounds, and Baker, a one-pound squirrel monkey, spent about 15 minutes on the flight and traveled about 300 miles into space, not high enough, according to the scientists here, to seriously affect the monkeys from radiation.

BARCLAY SAID the nose cone was recovered intact and was on board ship in less than two hours after the launching.

The two monkeys were housed in separate containers. Able was in a 250 pound capsule and Baker in a smaller one that was 9.5 by 12.5 by 6.5 inches.

Able, lying on her back with her knees drawn up to provide maximum resistance from the forces of gravity, wore a special space suit and was equipped with earphones. She reclined on a fiber glass contour couch in an air conditioned chamber with a private heating and cooling system.

BAKER WAS ATTACHED in a helmet of moulded plastic with a soft chamois lining. She lay on a molded bed made of two layers of rubber.

Whether the French actually did venture onto Tunisian soil was left unclear.

If they did, the incident could blow up into the biggest spat between France and Tunisia since French Air Force bombers killed 80 Moslems in a retaliation raid on Sakiet-Sidi-Youssef 15 months ago.

BOTH VERSIONS of the official communique said six French and 32 rebels were killed in fighting around Djebel Harraba. This is a mountain which straddles the Algerian-Tunisian border about 60 miles south of the coast.

The first text said that during the battle, French forces, "using the right of pursuit... penetrated one kilometer, six-tenths of a mile into Tunisia."

Shortly afterward an official correction was issued deleting mention of "right of pursuit" and penetration of Tunisia. However, there was no official denial that the border had been crossed.

AS CORRECTED, the communique said simply that the rebels had been pursued around the "northern slope" of the mountain. Since the northern slope lies on both sides of the frontier, the exact location of the battle was left vague.

THE PLAN BY the company will be to close the local station to passenger traffic and entrain and detain all passengers at the Indio depot.

Councilman John Wood asked Sanford Cooper, local travel agent for the railroad, if train travel was becoming obsolete, and in answer Cooper directed the council's attention to an article in the Wall Street Journal which said that rails should start to close down passenger travel.

PALM SPRINGS Chamber of Commerce this morning reported that they would "vigorously protest" the closing of the station, believing that it is an important part of the economy of this community.

The council has asked that representatives of Southern Pacific meet with them next Monday at the City Club to go over the act of protest, it either to the PUC or ICC.

## French Army Pursues Rebels Into Tunisia

ALGIERS, Algeria (UPI) — The French Army reported Wednesday night its troops crossed the Tunisian border in pursuit of Algerian rebels. Then it took back the statement.

Whether the French actually did venture onto Tunisian soil was left unclear.

If they did, the incident could blow up into the biggest spat between France and Tunisia since French Air Force bombers killed 80 Moslems in a retaliation raid on Sakiet-Sidi-Youssef 15 months ago.

## CALENDAR

at any other time than the Feb. 7 date. J. Bradley Davis of the Community Concert Association said that his organization was faced with a similar situation in the engagement of Miss Rojo.

But, the assembled representatives agreed, re-scheduling of the barber shop quartet program would alleviate some of the congestion on the first week of Feb.

Cooper pointed out that the week will be complicated additionally by the events scheduled for the Palm Springs Mounted Police Rodeo.

ALSO ON HAND for the meeting were Harry Tomlinson, the Music Society of Palm Springs; Dr. C. E. Smith and Janet Wallner, of Desert Museum; Ethel Fischer and Charlotte Bossel, Jewish Community Center; Hugh Givens, Palm Springs Unified School District; Ruth Marx, Community Concerts Association; Cliff Brown and Jan Lutz, Chamber of Commerce, and George Laine, Desert Sun.

The assemblage agreed that programming would become less complicated if additional meetings of the group were to be scheduled. Accordingly, a meeting was scheduled for 4 p.m., Sept. 9, to further check program schedules.

Also noted by the Chamber in its detailing of the program for next season were the appearance of the Los Angeles Philharmonic Orchestra here on March 13 and the visit of the Roger Wagner Chorale on March 29.

CYNTHIA ROJO, daughter of Mr. and Mrs. Leo Rojo, Sr., 3833 Calle San Antonio, has been selected as nominee from this area to compete with 20 other high school seniors from California, Nevada and Oregon in the Oregon-Nevada-California Fast Freight, Inc.—Southern California Freight Lines \$800 Step to Knowledge scholarship contest. Miss Rojo has maintained a 2.618 grade average during her high school junior and senior years, and has been active in Palm Springs High School as president of Girls' Athletic Association vice president and president of Choir, senior representative of Girls' League. She also received the four-year band letter and Varsity GAA letter.

The nation's "homestead laws" have accounted for the disposition of about 286 million acres of land in the public domain.

NEW PRESIDENT OF THE Palm Springs Real Estate Board Don Cameron, right, is shown as he officiates for the first time in a meeting of Village Realtors. Also on hand for the meeting, held in Biltmore Hotel here, were Muriel E. Fulton, left, first vice president, and Roger Richards, second vice president. (Desert Sun Photo.)

## CAMERON CONDUCTS FIRST MEET AS NEW PRESIDENT

Don Cameron conducted his first official meeting of the Palm Springs Real Estate Board in the Biltmore Hotel here, and opened his term as titular head of the organization with two significant announcements.

—Muriel E. Fulton has been appointed as first vice president of PSREB, succeeding Peter Sheptenko who resigned the post.

Roger Richards has been appointed second vice president for the balance of the fiscal year.

Both actions were taken at a morning meeting of the board of directors of the real estate organization held earlier in the day.

Cameron told the assemblage of Village Realtors that:

—Muriel E. Fulton has been appointed as first vice president of PSREB, succeeding Peter Sheptenko who resigned the post.

Roger Richards has been appointed second vice president for the balance of the fiscal year.

# Cathedral City

By JEAN PATANE

Marcus Graves, who sold his home at 678 F Street to Mrs. Olive Nickerson of Hinkley, Calif., is planning on leaving June 1 to visit at the home of his daughter, Dorothy Graves in Los Angeles before completing his plans for the summer. Dorothy Graves, an associate professor of physical therapy at the University of Southern California, is written up in the first issue of "Who's Who of Women in America" that was published early this year.

Mrs. Ed (Barbara) Dimmick, secretary of "Guide to Alaska," who has been in Cathedral City for the past five weeks, left Tuesday via the airways for Seattle, Wash., en route to her home in Anchorage, Alaska.

Mr. and Mrs. Don Middleton, formerly of Riverside, and children, David, 6, and Mary, 4, and Jeff, 2, are now making their home at Peterson's Cove. Mr. Middleton, who is a native of Riverside, is establishing his Palm Sprinkler and Supply Company on Highway 111 in Palm Valley.

Word was received of the death of Mrs. Emma A. Hagen in Orange. Mrs. Hagen was the widow of William Hagen. They were pioneer residents of Cathedral City, who owned one of the first homes on A Street. When Mrs. Hagen died a few years ago, Mrs. Hagen returned to Orange to be near her family.

Following Friday night commencement exercises at Palm Valley School where he is on the faculty, Jack Hilary left Saturday morning for his third summer at Spruce Tree Lodge in Mesa Verde National Park, Colo.

Jerry Wendi, plant manager for Marnell's Carpet and Upholstery Cleaners on Cathedral Canyon Drive, had a busy weekend. He went to Catalina with his close friends, Mr. and Mrs. Jack Telly of San Pedro, in their cabin cruiser, and attended the ball game in Los Angeles before returning to Cathedral City Sunday night.

Bob Irvine was here over the weekend from Santa Monica where he is teaching this year. With his wife, Amelia, past president of the Sigma Gamma Chapter of Beta Sigma Phi and her sorority sisters, Marge Hayes and her husband, Ray, of Thousand Palms, and Marjorie Griffith and Nigella Mason of Palm Springs, joined another sorority sister, Mrs. Eleanor Noves, wife of John Noves, manager of Desert Air Hotel, for the luncheon festivities Saturday night at Desert Air Hotel.

Recent houseguests of Walt and Harriet Coglianer were Mr. and Mrs. Andy Anderson of Colton, here for the 26 year reunion of the Palm Springs High School Class of '29.

Last Friday and Saturday Mrs. Robert Mackenzie, Mrs. Berne Landi and Mrs. Don Velch were at the Presbyterian Conference Grounds in Pacific Palisades to attend the Junior Youth Training program.

In celebration of their 18th wedding anniversary, Mr. and Mrs. Ray (Estelle) Reutlinger, co-owners of Ideal Apartments, are spending this week in Las Vegas.

Miss Sally Reid of Banning and Miss Polly Jester of Los Angeles were week-end houseguests at the home of Mrs. Louise Roxy and

her sister, Margaret Mills. Monday the guests left for Desert Hot Springs where they have taken a house.

Monday night Mr. and Mrs. Levan Saeger returned from a five-day trip to Los Angeles and Long Beach. During their stay in Los Angeles they were houseguests at the homes of Mr. and Mrs. Lawrence D. Payne and Mr. and Mrs. Scott Higgins. Mrs. Saeger's son, Gene Shank, is an engineer with Douglas in El Segundo.

After a three week visit with her brother and sister-in-law, Mr. and Mrs. W. E. Templeton, owners of Desert Villa, Mrs. W. E. Thompson left Sunday to visit in Los Angeles before returning to her home in Vancouver, B. C. Former guests Mr. and Mrs. R. A. Schmoke of Seattle, Wash., are at Desert Lodge for a desert holiday.

## Levy, Paisley Named to City Planning Group

Mayor Frank Rogers, last night appointed Lew Levy, local real estate man, and Harry Paisley, local hotel operator, to two vacancies on the Palm Springs Planning Commission.

His appointments, which must be confirmed by the council, were approved by a 6-1 vote, with Councilman Mary Carlin questioning the appointment of both men.

Mrs. Carlin asked on what basis each of the men were appointed, and after hearing the points in favor of Levy said that she would vote for him, but that she did not want to see Paisley appointed to the position.

Both Paisley and Levy said they would take the job.

## Claire Louis Rites Set Friday

Funeral services for Claire M. Louis, 71, will be held tomorrow at Our Lady of Solitude Catholic Church on El Segundo at Arenas.

Tuesday will be said tonight at Vieles and Son Mortuary Chapel at 7:30.

# Palm Desert

By GRETCHEN CHEESEMAN

The Palm Desert Woman's Club has held its last meeting of the season. After luncheon, the meeting was turned over to Mrs. Ann Carpenter, a past president, who installed the new officers for the 1959-60 season. As Mrs. Carpenter presented each new officer with a corsage, she chatted in her inimitable style, making the ceremony gay as well as impressive. Mrs. Edna Henderson gave the gavel to Mrs. Leila Thompson, who closed the meeting.

Mr. and Mrs. E. C. Davy have left the desert for the summer and will be in Estes Park, Colo. They will probably not return until mid-September.

Mr. and Mrs. Al Hintze have closed their Sun Lodge for the summer season. They will be in New York for the International Rotary meeting, then through Canada and down to Ogden, Utah, where they will stay for some time.

Mr. and Mrs. Stephen Chase, IV, spent a few days in Westwood this last week. Mr. Chase's daughter, Nancy Rogers and small granddaughter have returned to Connecticut after a six weeks' sojourn here. Mr. Rogers flew out the last

week and then took them home. Mr. and Mrs. Harry Holt are planning to spend the summer months in their Marine City, Mich., home. They will make a visit or two to Boston to see their eldest son who is affiliated with one of the major radio stations in that city.

Dr. and Mrs. Edward Ruge decided against their Arizona jaunt and have gone to Hemet for a month, thence to the Pacific Northwest.

Mrs. Telford Thronson entertained a group of friends this week in her Paintbrush Street home for luncheon and bridge. Her guests included Lela Thompson, Mabs Wallgren, Edna Henderson, Ann Schutz, Margaret Monroe, Zoe Grayson, Charlotte Vonier, Mary Flower, Vera Drugan, Maud Donovan, Dorothy Newcastle and Viola Brooks, Betty Bossard, Hazel Arscott and Mrs. Robinson.

Mrs. Refa Deaton, who has been living here for the season, motored to Beverly Hills for a few days, visiting with friends.

**Sun Town Deluxe**  
Highlight of social activities at Sun Town this week was the Hobo Party. A huge "mulligan" was prepared by a committee headed up by Elvira Evans. The table service was mostly tin cans. Empty one-pound coffee cans for the mulligan and smaller tin cans served as tea and coffee cups. The "luncheon"—if and when used—was old newspapers and "dress" was strictly out of the rag bag.

Lottie Brennan won first prize as lady hobo. Her hat was a piece of headgear that would be discarded by even the most superstitious of fishermen. The type that firmly believes that "fisherman's luck" is governed by the gods that control the catch and that the catch is in direct ratio to the disrepair of the fisherman's headgear. Lottie's figure, which does lots for a good-looking bathing suit, was covered with a "Mother Hubbard" big enough for a baby elephant. Her tiny feet were ensconced in a pair of undersized flat boots. Her make-up would have been a credit to Bozo the clown.

"BRIG" YOUNG won the men's prize in a costume that was strictly scarecrow.

Marie Woodward led the singing, accompanied by Dave Cromwell on the piano.

It was a wonderful party and a welcome deviation from the usual run of pot lucks, hamburger fries, pancake breakfasts that have been the usual round of Sun Town community feasts.

The Chet Kennedys and the Joe Diebenows left recently for a vacation at Las Vegas where they will join the Lee Stettlers. It will be interesting to learn on their return whether it was Las Vegas or Bust or Las Vegas AND Bust.

ONE OF THE MOST fascinating hobbies in Tramview this past season was the tin-craft taught by Jane Yantis. Every tin, from a small juice can to a gallon can were used, either gold or silver lined. The results of this craft were varied and beautiful.

Orlie L. Parkhurst, manager of Tramview under the new owner, J. Frank Burke, recently moved a new Fleetwood 50x10 trailer under the ramada in the front of the park. A few days later his wife, Midge, and pet dog, "Bambi," joined him. Mrs. Parkhurst is thrilled with trailer living already and is in love with the desert. With this enthusiasm they will be a success in managing the park.

Pinky and Jessie Trezona will soon be leaving for their summer home at Conneaut Lake, Pa. Their first stop will be for the Eighth Annual National Square Dance Convention in Denver, Colo. They expect to meet many desert resi-

dents who are planning to be at the convention. Pinky is the square dance instructor at Tramview and this past year was in charge of engaging the callers for the Saturday night dances.

**Trailer Notes**  
Approximately 45 million people will be made aware of the comfortable, convenient and economical way of living in mobile homes as it exists today in the most intensive advertising campaign in the history of the mobile home industry. A \$500,000 promotional effort underwritten by the Mobile Home Manufacturers Association will begin with a series of full page advertisements in such publications as Life, McCall's and similar journals.

Large ads will enable readers to get the latest facts on mobile living presented in an easy-to-understand manner. In addition they will see attractive photographs of spacious mobile homes, handy economical travel trailers, attractive mobile home parks, and exterior interior views of mobile homes and travel trailers.

AS PART OF THE new McCall's advertising homes and travel trailers will be represented in the magazine's Congress of Better Living. The Congress was founded in 1956 by the federal government's housing and finance agency. Then it was taken over by McCall's and broadened to uncover attitudes toward the home, its design, its components, its furnishings, and its equipment.

It is hoped that the Congress of Better Living should provide "a dramatic, yet solid break-through into the minds of many women—millions more." "It should start women thinking about mobile homes as possible housing for themselves, now or later; for their sons and daughters; for their parents; for their relatives, friends, and neighbors—thinking about mobile homes as acceptable and attractive housing."

The 741-foot Kaieteur Falls on the Potaro River in British Guiana is believed to be the tallest single-drop waterfall in the world.

## June in Southland Packed With Top Colorful Events

June in Southern California is packed with colorful events ranging from a lilac festival to a horse-and-buggy derby, according to the monthly calendar issued by the All-Year Club today.

The All-Year Club uses the unique events in its community advertising campaigns to attract tourists who have spent over a half billion dollars a year here for seven straight years.

**THE LILAC FESTIVAL** is at Tehachapi June 6 when wild and domestic blooms in the pass are at peak. There will be a parade, calf roping, cutting horse contest and old-fashioned ham shoot.

In Santa Barbara County, the 3,000 acres of commercial flowers seed "Rainbow Farms" are at peak bloom and Lompoc amid the fields holds its flower festival June 20-21 with a parade of posy floats.

Flowers go on the water at Santa Barbara in the "Battle of the Flowers," a parade of decorated yachts around the harbor during the Summer Sports Festival of 40 land and water sports June 27-July 5.

**THE HIGH ORCHARDS** are red with ripe cherries in San Geronimo cherry festival June 18-21 with daily cherry pie eating contests for kids.

At Costa Mesa it's fish — a community fish fry June 6-7 with civic leader-cooking hobbiests man-

ning a battery of stoves in the city park. Munchers watch a pet parade and baby contest.

Glendale, built on what was once the rancho of the Verdugos, holds the Days of the Verdugos fiesta June 3-6, opening with an evening float and band parade. They crown both Queen and Don of the Verdugos.

**THE HORSE-AND-BUGGY** race, a mile-long version of the old "land rush," will be run during Hesperia Days at the desert town June 6-7. There will be a three mile Pony Express relay race, 100 gunmen in a quick draw derby, and the California State Junior Championship Rodeo.

Another rodeo for kid cowboys will be held the same weekend at Miss Blythe. Boys 14 to 18 rope calves.

**THE GREAT WESTERN** Dairy Show will be held June 17-21 at the Great Western Exhibit Center as a salute to Dutch and Portuguese dairymen who have made Los Angeles County the biggest dairy shed in the U. S. A. There will be the world's largest dairy Smorgasbord, dancing in native costume, hay loading derby, hand milking by boys vs. girls, Miss Cheesecake.

## Steel Wage and Price Situation Basic Problem of Inflation

The wide national attention now being focused on the wage price negotiations in the steel industry at least has the virtue of making the general public realize the fundamental causes of continuing inflation, although there is little or nothing the average citizen can do about the outcome.

Since steel is one of the most universally used products it is plain to everyone that granting of higher wages to workers will result in increased production costs, which in turn will boost the price of steel, and, consequently all items large or small containing steel. These range from hairpins, to automobiles, machinery, farm equipment, airplanes, trains, ships, buildings, etc.

An increase in the price of steel therefore affects the purse of each person in many ways in daily pursuits at home, work or play.

The price of steel has thus become the basic yardstick for measuring the state of our national economy with respect to both wage and price levels. Records show that practically all other industries follow the trends established by steel.

That the present inflationary spiral has its roots grounded in the steel wage price gains is borne out by the fact

that in the past seven years steel employees wages have been increased 56 per cent while the devaluation of the dollar to its present 47.6 cents has required more than twice that length of time.

The recent appeal of President Eisenhower and many other leaders of the national economy to "hold the line" against inflation by stabilizing wages and prices in the steel industry is not in the spirit of meddling or taking sides between employer and employee, but a clear cut warning against the mounting dangers of further inflation.

With almost all wage groups constantly working for increased pay, there is little likelihood of voluntary co-operation in the growing national need to stabilize the value of the dollar. It is only a question of how far inflation can be allowed to go before the government is compelled to take measures to halt the spiral and prevent its reaching a stage of national disaster.

Because of the wide publicity and general interest in the wage-price problem of the steel industry, the public is at last being made more fully aware of the reasons for and ultimate necessity of some form of governmental regulation towards wage-price controls on a broad nation-wide scale.

## 'Ignorant Armies Clash by Night'

WASHINGTON, D.C.—It was the antique custom of armies locked in battle to choose a pair of champions and let them fight it out. This practice gave us some good stories, like Sobrab and Rustum and David and Goliath, and maybe it could happen again.

This idea is intriguing because the champions of embattled armies—the U. S. Steel Corp. and the Steelworkers' Union—have been invited as guest speakers to the National Press Club. First Roger Blough of U. S. Steel and then David McDonald of the Steelworkers got the chance to bring their cases before the assembled newsmen with the hope of winning public opinion.

THE BLOUGH argument is that a wage hike means a price hike, and thus a boost to national inflation. McDonald claims that a wage raise for his million members need not mean anything of the sort, for the steel magnates ought to take it out of the abundant profits from their "administered" prices.

We know the arguments. Both are familiar with repetition. And both the champions are right from their own viewpoint. Blough is well paid by his stockholders to get all the profits he wisely and legitimately can. Since wages of the workmen constitute such a large item of investment, Blough is morally obliged to hold it to a minimum. Should he be forced to raise wages, he would be equally forced by the interests of his stockholders to pass the extra expense along to us consumers, assuming he can get away with it.

THESE ARE THE bare bones of the Blough position. It is not an absolute one. Even if he

could, he would not dare pay "starvation" wages, as the workers would lose their efficiency. And even if he could push steel prices to "all the traffic will bear," he would soon lose sales to other companies, and to other steel-making countries.

It is well, I think, to review these facts which, although obvious, are not well-observed in these days of ideological warfare. This reporter has heard Roger Blough testify for several years before the Kefauver-O'Mahoney inquiries on administered prices in all the testimony. It is safe to say I think that the Democratic Senators have never—well, certainly hardly ever—asked Blough a sympathetic question, and have never tried to obtain an objective report on management's side of the Management vs. Labor battle.

IRONICALLY, IN THIS businessman's country, Labor gets the better break in Congress. Dave McDonald's position is rarely presented with the bark off. The salient facts are not that McDonald is a "humanitarian" trying to get a "fair share" of the industrial proceeds for his followers.

Like Blough, McDonald is representing the people who pay his salary. McDonald is obliged to them (and to his own pocketbook) to drive the best possible bargain. He has much less concern for his opposition than Blough has. To McDonald, it makes little difference if the stockholders go on "starvation" dividends. The national consumption of steel does not depend nearly so much on the health of any one firm as it does on the Federal expenditure for military armament and highways, and on the sale of automobiles and tractors.

THESE ARE THE bare bones of the Blough position. It is not an absolute one. Even if he

BUT THERE ARE factors which prevent the union leader from going hog-wild on wage demands just as similar factors restrain the company leader on prices. McDonald is in a very precarious position with his followers. Two years ago he was challenged in the union elections by the unknown Donald Rarick. At most Rarick was supposed to get two per cent of the vote for Union president. He got about 30 per cent.

Back in 1956 McDonald took the Steelworkers out on strike, and the steel companies found ways to get along without so many employees. Thousands of workers never got their jobs back at the mills. This year if McDonald makes the demands too steep, if he is forced to use the ultimate weapon of the strike, Don Rarick might take the job away from him at the next election.

IT IS HOSPITABLE of the National Press Club to treat Blough and McDonald to separate luncheons, and to permit each to state his case. But a much better idea would be for some fight promoter to bring both of them to the same rostrum at the same time. The American public would understand these Management vs. Labor battles much better if the terms were reduced to two visible opponents.

It is not a fight for social justice on the union's part, or a fight for economic survival on the company's part, although these matters are in the historical background. Basically, there are two rather ignorant armies—the stockholders and the union members, and there are two champions—Blough and McDonald. Each is trying to haul away the booty.

—Holmes Alexander

## Quotes from the News

BERLIN—West Berlin Mayor Willy Brandt, on the now circumvented Soviet ultimatum for the West to get out of Berlin by today:

"After what we have been through, we have lost the habit of being afraid. We refused to be slaves of a date on the calendar dictated by others."

WASHINGTON—President Eisenhower, asking Congress to let the United States share atomic information and equipment with more of its NATO Allies:

"The introduction of modern weapons into NATO forces should be no cause for concern on the part of other countries, since NATO is purely a defensive alliance."

NEW YORK—Virgil T. Blossom, former school superintendent of

Little Rock, Ark., giving one reason he thinks the city had trouble with desegregation:

"One of the main reasons for the crisis was . . . the federal government had no plan and no policy for carrying out the law . . . even after the situation at Central High School had become so chaotic as to threaten destruction of the public school system."

LONDON—A British foreign officer spokesman, on the request for asylum by Mrs. Nina Dmitriev, wife of the assistant Soviet naval attaché in London:

"Mrs. Dmitriev is free to get in touch with the Soviet embassy to return there, or, indeed, to return to the Soviet Union, which ever she likes."

WASHINGTON—Senate GOP

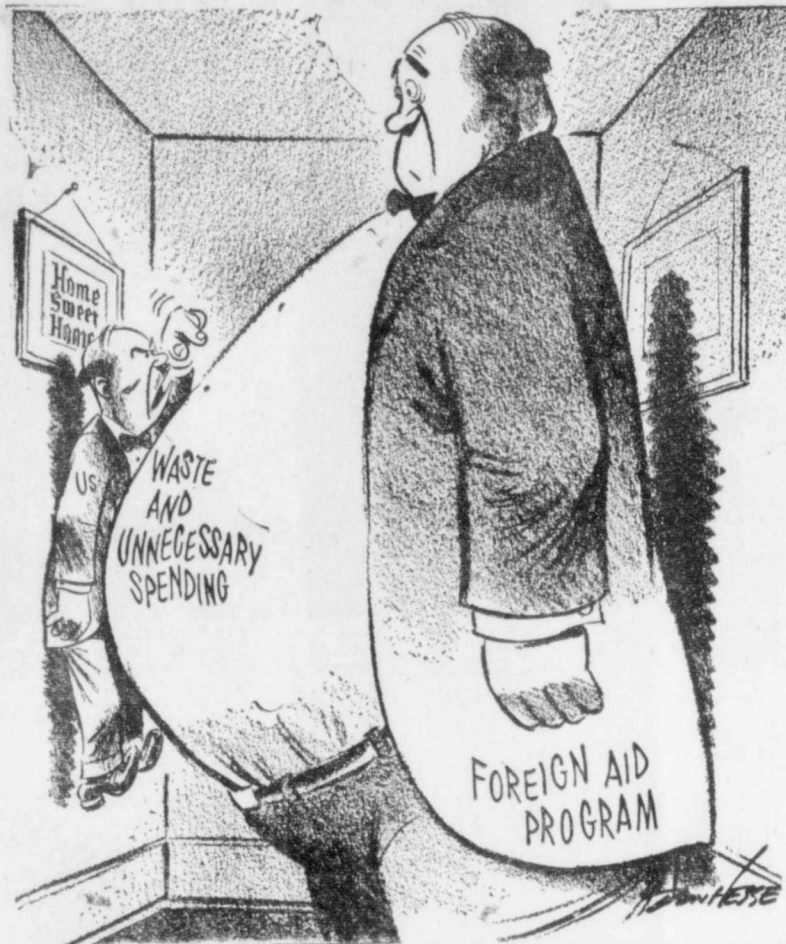

Leader Everett M. Dirksen, saying he understood Senate civil rights backers will launch a heavy effort for strong civil rights legislation next week:

"I'd like to see a civil rights bill as early as possible, and I'd like to see it done in this session. If it goes over to the election year it does not minimize your difficulty or make the task easier."

WASHINGTON—Sen. Lister Hill (D-Ala.) in urging an expanded government fight against cancer:

"What more fitting, more meaningful or more reverent memorial to the contributions which John Foster Dulles made to our beloved country than a higher resolve . . . to redouble our research efforts against this killer."

## 'We Could Get Along, If It Wasn't for That'

## This Side of The Sun

By Phat

The name of Palm Springs is sure getting 'round. Since Great-Grandma Zaddie Flew faster than sound.

Ever since our Zaddie Bunker broke the sound barrier in a jet on a recent Saturday, I've been getting letters from friends, some of them who haven't puzzled over how to spell my name for years.

EVERY LETTER contains a clipping from the writer's home town newspaper, sometimes from several newspapers. Every clipping contains a picture of Palm Springs' Flying Great Grandmother and an account of her exploits.

They came from the Pacific Northwest, from Florida, from San Diego to Maine. Well, maybe not to Maine, but to Boston, anyway.

EACH OF THE articles and each of the picture captions, naturally, mentions "Palm Springs."

Zaddie may have outflown her own voice but she put this area on the tongues of people in 49 states. (Pardon me sir, but that should be 50, comes a voice from the wings.)

Incidentally, Zaddie has already propositioned me. SHE INFORMED me yesterday that she's had her Navion, which she calls "my Rocking Chair No. 2" re-upholstered and also sound insulated.

"We'll leave here in the morning on next Derby Day, be there to see the Run for the Roses and back here that night," she said.

WITH THAT NEW sound insulation job Zaddie will be able to hear my tips on the horses better. Which might make her wish she hadn't spent the money for the job.

She has a new plane, a Trekker Gull which is an amphibian. She had better use that one because after a day at the races I am generally in deep water.

MRS. FRANK TOTH is irked and very much so. She writes that, after Sunday night's softball game in which the M&M Grocery team played the King and His Court four-man team, for the sake of charity, instead of being thanked for their aid to the United Fund, they were ridiculed in a news broadcast review of the game.

"Those boys were out there (the Polo Grounds) for the sole purpose of good sportsmanship and a lot of fun plus helping a very good cause."

"And for that they were called 'a bunch of misfits,'" she wrote.

SOME PALM SPRINGS area businessmen apparently have trouble getting away at noon for their lunches.

In a local cafe the other day I noted this sign: "Open from 4 p.m. until 2 a.m."

And on the menu was a special section devoted to Merchants Lunches.

## STAN DELAPLANE'S Postcard

The garden furniture is moved out into the patio. And the barbecue gadget is oiled upon its up-and-down rack. For hey-ho, the summer season is here again and outdoor living is the thing. Outdoor living is so important there are whole magazines of that name. Magazines telling you how to live outdoors, even though you have a perfectly good house right alongside.

THE REASON WE keep the house is so the bank will be happy. The bank cannot collect a crying dime on the outdoors. But my banker LOVES my house. And so he should. For he is the senior partner in it.

For a long time it has occurred to me that we could live outdoors all year 'round. Forget having a house at all. Just live outside if it is so good.

But the outdoor-living magazines are too cagey for that.

HERE IS A PICTURE of people living outside. It was taken by the outdoor-living photographer.

"Home of the socially prominent Faddiefields shows the blends of gracious housing and outdoor living."

Well, what do you think, for gracious sake? It seems the Faddiefields built this elegant scatter—l-r at it 80 Gs on a dull market. It seems they built it and then they decided to live outside.

WELL, IT WAS hard to live outside with the house in the way. So Mrs. Faddiefield called in the contractor again. And Mr. Faddiefield opened the end of the mortgage, as we say. And they cut the house open on the side!

Now the Faddiefields live half in, half out.

You cannot tell where the house begins and where it leaves off.

THIS SHOWS what can be done if you set your mind and heart on it. As near as I can see the Faddiefields have a roof over their heads but not much around them.

It must get pretty dusty. But I suppose they have a live-in maid.

(with her own outdoor living area, naturally)

The main idea of a house outdoors is just to have a place for a few pots and pans. And a bed. You must have a bed. Or where else will the guests put their coats?

OUR OWN OUTDOOR living is pretty sleazy. Almost makeshift you might say. For the house still has walls and out. And you have to walk in and out of the doors.

To be really hep on outdoor living, you must have a patio. The patio eventually has a small grape arbor over it.

The arbor sort of leads to the four-by-fours that hold up the house. And eventually you are inside. But in such a way that you can run right outside without touching plaster or wood.

NATURALLY, YOU get a little cold toward evening. When the sun goes down. In fact, you blooming well freeze! But that is what we have a house for, children.

"Would you mind running upstairs and getting me a sweater?"

Well, you run upstairs. And you holler down: "Where are they?"

"The sweaters! Where are they?"

"Look in the top drawer!"

SO YOU LOOK in the top drawer. And the second drawer. And the bottom drawer. And it turns out you find a sweater.

"I didn't mean that old thing," she says: "That's the GARDENING sweater. Never mind, I'll go up and do it myself."

You have no idea how a thing like this warms you.

Right to the cockles of your black, mean, nasty heart.

LITTLE ROCK, Ark. — Gov. Orval E. Faubus, on the school integration controversy:

"If the federal government will get out of the thing and leave it up to the state and local school districts, the problem might be solved."

## GRIN AND BEAR IT By LICHTY

"Shorter hours will pose problems, too! . . . It'll be a tight squeeze to get our coffee breaks, recreation periods and grievance meetings into a 35-hour week! . . ."

## EARL WILSON:

## Merman of the Movies?

NEW YORK — I had a ball at Ethel Merman's "Gypsy" opening — spelled "bawl." I kept dabbing at my eyes . . . and now it appears that Miss Merman may be heading back to Hollywood eventually to film one of the great tear-wrenchers of modern times.

MGM's president Sol Siegel wants to film the tear-stained tale of Gypsy Rose Lee and her mother . . . and naturally, "The Merm" isn't any more eager to star in it than Dick Nixon is to send his laundry out from 1600 Pennsylvania Av.

David Niven, Merle Oberon, Henry Fonda, Nancy Sinatra, Benay Venuta, Paulette Goddard, Gloria Vanderbilt, Lumet and Miti Gaynor were just a few of the Slobber Set who got misty-eyed at the tender passages. Gypsy Rose Lee didn't stay tearful very long.

"I just told Ethel to drink a lot of milk and stay healthy — she's going to be my annuity," announced Gypsy as she breezed out.

(My favorite line in the show came when Ethel, spinning a fourth marriage, said, "After three husbands, it takes a lot of butter to get you back into the frying pan.")

Travel exec Bill Fugary has arranged to transfer 65 of the present crop of Paris beauties back to Paris from Las Vegas and bring another 65 back for a new show: A \$100,000 shipment of femininity. Solly Schwartz, who would book the Lido show into the Palace, hasn't yet seen the naked beauties wiggle at the Stardust.

Sherry Britton, who hurt her head badly when a jet plane dropped suddenly, opened Friday night, anyway, at the Bal Tabarin — while lawyers prepare legal action on her behalf against an airline. Her doctor allowed her to do her striptease act — inasmuch as her head is the least important part in it.

Tony Martin had one of the biggest openings of the season — at the Copacabana — with Milton Berle, Jack Leonard, Alan King, Jackie Kannon and others leading onto the floor to join in the show. When Alan King went on the floor,

Milton Berle shouted out, "The real king is right here!" — pointing to himself. Comedian Allan Drake, on the Copa show, impersonated a school boy who told his dad he wouldn't be satisfied with a station wagon but had to have a convertible. "Ain't it bad enough," asked the boy, "that I'm the only kid in the block with an American car?"

THE MIDNIGHT EARL . . .

Erin O'Brien — who's having a trial separation from her husband — had a dinner date with comedy writer Jay Burton . . . Phil Steinberg, who made away with Eleanor and Holm's \$30,000 worth of jewelry and would never tell where he sold it or where the money went, was sentenced to a year in prison . . . Zsa Zsa will be Person to Person from Bel Air, June 5 . . . The Steve Lawrence (Eydie Gorme) are expecting.

The Palace Theater is considering bringing the famous Paris Lido show, which has been playing the Las Vegas Stardust, to B'way, providing censors would permit the semi-nudity.

Van Cliburn says he may visit Moscow on his European concert tour . . . Errol Flynn didn't like the way Castro's aides were ignoring him, moved from Havana to Jamaica . . . Harry Truman's expected here for the "Porgy and Bess" premiere June 24 . . . Greta Garbo's new close friend: Sessue Hayakawa . . . Steve Allen'll do his remaining TV shows this season from Brooklyn.

The "Best of Everything" prop man couldn't find an alley cat in Greenwich Village for one \$25. (Its standin was an expensive Persian cat they hired for \$5) . . . Carol Lawrence of "West Side Story" makes her movie debut in Jack Kerosac's beatnik film, "The Subterraneans" . . . Three publishers asked Muriel Roberts, Kim Novak's ex-publicist and companion, to write the "inside" story about Kim.

Sal Mineo starts his Australian vaudeville tour soon . . . Are Grace ("Peyton Place") Metalious and husband T. J. Martin busting out? He says, "Better talk to Grace" . . .

## MIKE CONNOLLY:

## Actress Needs Poverty

HOLLYWOOD — Kim Novak is selling the luxurious home atop Tortuoso Drive in Beverly Hills that she bought from the Chicago shoe heiress, Mary Pickens Jones. Kim's explanation, and you can take it with or without the proverbial grain of your own what: "Luxury and comfort are no good for an actress — an actress needs poverty and hardship in order to be creative."

Art Linkletter, Diners Club prexy Al Bloomingdale and writer Robert Hardy Andrews have purchased U. S. distribution rights to a fantastic, frightening documentary film shot in Red China by Mohan Bhavnani, former head of the film division of the Indian Government.

IT'S CALLED "China on the March" and I call it frightening because of one sequence showing 650,000 Chinese soldiers marching and shouting, "Crush the Americans, down with the imperialists!"

And how's this for good old-fashioned Chinese water torture: Bhavnani tells me that the femme star of his film, Red China's No. One movie queen, draws a salary of only \$110 a month. And for that salary, in addition to her eight hours a day-seven days a week movie chores, she works the same number of hours, every day, on a road gang.

UNIVERSAL-INTERNATIONAL signed two Oscar-winners to climb that hill together in "Elephant Hill." Susan Hayward and Sir Alec Guinness.

Pooped at a party in Beverly Hills: "It's been wonderful meeting you—I always thought you were one of those very brainy, successful people, and you're not at all!"

Looking like she had just danced out of a Giotto fresco, the amazing ethereal Galina Ulanova went far beyond her advance billing at the Bolshoi Ballet, opener, Prokofiev's "Romeo and Juliet," at the Los Angeles Shrine Auditorium. Big, broad-shouldered John Wayne sat right in front of me and he'd make a better door than a window.

HOWEVER I CAN truthfully report (I'm fully aware that this is a delicate issue to introduce into a movie-TV column, yet I must remain cognizant of the fact that there is a question of this great ballerina's art) — anyway, what I'm getting at is that Mme. Ulanova is a real natural gasser-and-two-thirds.

Sol Hurok told me his advance ticket sales (\$25 a seat opening night—wow, dad!) totalled \$625,000, a sellout for the two weeks . . . Galina danced on moonbeams in front of the most opulent sets I've ever seen, including two Gobi tapestries snatched by the Bolsheviks from the late Czar's Palace and valued at \$2,000,000 apiece.

EVERY MOVIE STAR in Hollywood, from Clark Gable to Talia Elg, was there. But nobody paid any attention to Madame Bronislava Nijinska of the original Imperial Ballet; Romola, widow of the one and only Vaslav Nijinsky; or Madame Adolph Bolin widow of the man who smuggled Anna Pavlova out of Russia for her first European tour, the same Adolph Bolin who danced the title role in Diaghilev's original "Prince Igor." Such is fame.

Romeo (Yuri Zhdanov) was doing like a symphonic poem in B-minor, the strings were tremolando, the basses were staccato and muted—when Pet Buttram whispered to his neighbor, "Why do those girls have to stand on their toes—can't the producer find taller women?"

JULIET—ULANOVA died like autumn rain, like the scent of tuberose, when Ann Sheridan sighed, "Migosh, she did it in one take!" . . . The Prokofiev music for the funeral scene poured out of the orchestra pit, beautiful as the sound of bells, as snow on mountaintops, when Vincent Price cracked, "I know the ending—I saw 'West Side Story' in New York."

But, despite the god-natured kidding, Ulanova made it the champagne-caviar evening of the year for Hollywood's balletomanes and also for those who came prepared to be unimpressed by it all.

CHANNEL CHATTER — Alfred Hitchcock tells me he already has 21 scripts ready for next season's 39 Hitchcock Presents. He will direct only six of them himself. He has given himself a mere two-day shooting schedule on each (they usually take five days to shoot). Explains the economy-minded Hitch: "I've got to set a good example for the young-directors."

There's been a hitch in Hitch's next movie, incidentally, and Audrey Hepburn is the reason he has postponed "No Bail for the Judge"—she's going to have a baby. But Hitch has already harpooned her leading man, Laurence Harvey, who is fine in the British movie, "No Room at the Top," but who should stay off The Jack Paar Show, especially when the scene-stealing Hermione Gingold is on with him.

THE NETWORKS are trying to talk Izor Stravinsky into telecasting the concert he will conduct in Archbishop ("Death Comes for the Archbishop") Lamy's ancient Cathedral of St. Francis in Santa Fe, N.M., on July 12.

Judy Garland will concertize too—in Tel-Aviv's Mann Auditorium—and do they televise in Tel-Aviv?

Gene Barry begs to remind all of you that 16mm does NOT mean eight Marilyn Monroes!

## Mrs. Fred Halliday Honored at Party

Travel posters of foreign countries, balloons and confetti decorated the Crestview Drive home of Ray Shelby for the "Welcome Home" party given in honor of Mrs. Fred Halliday, who returned last week from an around the world trip by jet plane.

Mrs. Halliday, who made the 32 day trip alone, boarded the plane in Los Angeles for San

Francisco, then to Honolulu, Japan, Singapore, Ceylon, India, Syria, Jerusalem, where she visited with Mrs. Matile Mogannam, an Arab family, friends of Ray Shelby who met them when he was stationed in Jerusalem with the United Nations. Turkey was the next spot, then to Lebanon, London, New York and back to Los Angeles.

The Hallidays who maintain a home here on Crestview Drive, leave soon to spend the summer in Hollywood, where Mrs. Halliday will map plans for the trip she plans to take to Italy.

Among the guests enjoying cocktails and buffet were Messrs. and Mmes. Joe Hale, Jerry Case of Claremont, Ralph Frank of San Diego.

Also Fred Halliday, Judge and Mrs. Julian Hazard, Bertine Treat, John Saich, Lynn Jennings, Bill Webb, Bill Crawford, Colonel and Mrs. Edward Banning and Mrs. Lillian MacCarthy.

## Mrs. Silverman Goes to Chicago

Mrs. William Silverman, 222 North Indian Avenue, has been called to Chicago by the death of her sister, Sarah Postelneck.

From there she will go to Minneapolis to visit with her sons, Morton and Ted.

Mrs. Silverman plans to be gone about three weeks, returning here on June 8.

WITH THE TRADITIONAL lighting of candles, new officers were installed and assigned to their duties in the Palm Springs Soroptimist Club at Town and Country Monday evening. Left to right are Faye Morgan, corresponding secretary; Girlie Gilbert, vice presi-

## Soroptimists Hold Annual Installation

"Soroptimism in the Space Age," with the traditional lighting of candles was the theme used by Katherine Finchy in assigning duties to each of the new officers at the club's installation dinner held Monday night at the Town and Country restaurant.

Cocktails and a buffet arranged by Dorothy Groth, Esther Weingarten and her committee preceded the installation. Past President Elsa Ades presented the President's pin with gavel to Trixie Jarrett.

Installing officer was Katherine Finchy who installed the new officers: Trixie Jarrett, president; Girlie Gilbert, vice president; Faye Morgan, corresponding secretary; Lois Wilson, director; Eileen Hait, treasurer, and Jewell Locke, recording secretary.

Soroptimists were guests of the Club, as well as Mrs. Trudy Blanco, mother of Trixie Jarrett; Mrs. Catherine Coffin, Mr. and Mrs. C. W. Byrnes and Hanna Lowry, formerly a member of the club.

## Oilmen Visit In Village at Palm Garden

M. B. Chastain, former president of the Independent Petroleum Association of America, was a weekend guest in Rex Bartlett's Palm Garden Hotel and Apartments.

Chastain, of Shreveport, La., was one of several oilmen who stopped at the hotel.

Others included William T. Forney, president of the Century Oil and Gas Company of San Antonio, Tex., and Mr. and Mrs. Myron Buttham, of Oklahoma City's H-Ande Drilling Company.

Also guesting at the Palm Garden were Dr. Walter Smart, an aviation flight surgeon; Morris King, of Wichita Falls, Tex.; Mr. and Mrs. Bernard Cohen, of Beverly Hills; Robert Winckler, Los Angeles attorney; Mr. and Mrs. Samuel Levy, of New York City; Willard Whittinghill, San Diego attorney, and Augustin Molina, of Mexico City.

## BIRTHS

Mr. and Mrs. Richard Close of 4A, Cactus Drive, Twentynine Palms, are the parents of a six pound, six ounce boy born May 23, at 2:18 a.m. at Desert Hospital.

A boy and a girl were born May 24.

A seven pound, seven ounce boy was born at 4:07 p.m., to Mr. and Mrs. Bernard Walter of Palm Springs Trailer Village.

Mr. and Mrs. Dearias Boyce of Palm Springs are the parents of an eight pound, two and one half ounce girl born at 8:05 p.m.

Mr. and Mrs. Edmond Silva of 660 Palisades are the parents of an eight pound, seven and one half ounce boy, born at 2:40 p.m. May 25.

FIRST IN PALM SPRINGS, Noele Hendrickson receives the highest rank in Camp Fire history. The Torch Bearer's award was presented to her by Camp Fire Council chairman Mrs. Joseph Mason, while Blue Bird Sally Jo Watts looks on. The two girls represent the oldest and youngest girls in the steps to Camp Fire Girls. (Desert Sun Photo).

## Camp Fire Girls, Blue Birds Honored At Grand Council

Palm Springs Camp Fire Girls and Blue Birds held their Grand Council Fire at Cielo Vista school, with more than 200 parents and friends taking part in the activities.

Mrs. Joseph Mason, chairman of the Camp Fire Girls Council, gave the WO-HE-LO call and the welcome, and then the girls marched to the beat of the tam-tom to receive their awards.

Receiving the highest rank in the Camp Fire Girls organization, that of Torch Bearer, was Linda Noele Hendrickson, with Mrs. Mason making the presentation.

Other awards at the Grand Council Fire included: Fire Makers: Ann Baddour, Cathie Bard, Susan Kathie Beck with and Linda Davis.

Wood Gatherers: Linda Dewey, Pam Kehlet, Patty Pinkston and Virginia Smalling.

Trail Seekers—first rank—Linda Cate, Susan Crookshanks, Jennifer Mitchell, Regina Ratcliff, Mia Fulkerson, Sandra Martin, Laurie Needelman, Dayane Norde, Marsi Sipherd, Sandra Lockwood, Kathy Bradley, Jacqueline Bick, Kristine Moe, Robin Russell, Vicki De Vinney, Julie Norvil and Ruth Hurst.

Leaders of the Camp Fire Girls groups are Mrs. Richard Dewey—LTAN-MO-KI; Mrs. Frederick Moe, U-TO-WA-MA; Mrs. Duane Beckwith—KI-O-TE.

Blue Bird "Fly-Up" to Camp Fire groups were: Mona Kenaston,

## Friendly Aid To Check on 'Counseling'

A committee to investigate the possibility of establishing a family counseling agency in Palm Springs has been appointed by the Welfare and Friendly Aid Society here.

Mrs. Barbara Foster was named chairman of the committee at the meeting of the group.

In other action taken at the meeting, the organization: —Heard Mrs. Lois Nowlin, guidance coordinator, detail the need for family counseling in the community.

—Resolved to honor the memory of Mrs. Agnete Hansen, one of three founders of Friendly Aid here in 1926. The group declared that "the passing of Mrs. Hansen is a great loss to this association and to our community."

## Two Students Win Awards At Polytechnic

Two Palm Springs students have won awards for scholastic excellence at California State Polytechnic Institute in San Luis Obispo, it was announced today.

Connie Nash, daughter of Mrs. Faith E. Nash, of 649 Calle Marcus, won the John Badgley award for excellence in architectural work as judged by the American Institute of Architects.

Miss Nash, the first girl ever to win the award, was also given a \$50 prize.

George Ritter, son of Mr. and Mrs. George P. Ritter, of 3274 Whispering Palms Drive, won the Dr. Albert Gazin Award, another AIA-judged prize. The prize entails a \$75 award.

Miss Nash is a freshman and Ritter a sophomore at Cal Poly.

## Corn Custard

Fresh corn makes delicious custard. Combine 2 cups of fresh corn cut off the cob with 3 lightly beaten eggs, 2 tablespoons of finely chopped onion, 1½ teaspoons of salt, ¼ teaspoon each of ground black pepper and garlic powder and 1 cup of milk.

Turn mixture into buttered individual custard cups, using 2/3 of a cup to each container. Place cups in a pan of hot water and bake in a pre-heated 325-degree oven 1 hour or until a knife inserted in the center comes out clean. Serve hot, garnished with fresh parsley. Serves 6.

# Ole Case Looking for Libras

By OSCAR FRALEY  
United Press International  
NEW YORK (UPI) — The quest to discover just what is wrong with the New York Yankees can take an inquisitive sports writer into the strangest places.  
Like Tina Louise's bedroom.  
It's all in the interest or research, y'understand. Baseball research, that is. Tina's telephone is in the bedroom and some statistics were needed. Baseball statistics.  
Anyhow, Tina, the queen-sized redhead who makes tectonicol necessary, is not only a baseball buff but also quite a hand with horoscopes. This has to do with heavenly bodies, and ain't it the truth. But, to get back to baseball, she has turned her astrological microscope on the floundering Yankees and made a number of interesting discoveries.

"THINGS ARE GOING to remain on the blue side for them for some time yet," she allowed.  
Blue, it might be interjected, is Tina's favorite color. The Yankee blue to which she refers is several shades darker than the light blue of her bedroom, with its blue padded silk headboard, blue drapes, blue coverlet and, s'help me, a blue mirror.  
"The key Yankee players are feeling adverse planetary influences," she insisted. "Too many of them are Tauruses (Tauri?) and Leo's and they are going through a period of great nervousness and tenseness."  
Taurus, as I get it, is a bull and Leo is a lion is the planetary bating order. The ways of this outer space animal world are strange to me but there's no question about the Yankees being as tight as Tina's blue dress.

"THE STARS SAY that they'll come to better times soon," she added "so I'm quite certain that they'll eventually win the pennant. After all, the stars also say that Casey Stengel will resign in a year and he wouldn't quit a loser."  
The big Yankee need, if you thought it was pitching, according to Tina's satellite soothsaying is for more Libras. There are folks who were born between Sept. 23 and Oct. 23 so it doesn't look as if Ralph Terry and Hector Lopez, obtained Tuesday in the trade with Kansas City, will be of much assistance. Terry is a Capricorn and Lopez is a moon child.  
"The Yankees, according to the stars, aren't hungry enough," Tina related. "They have too many outsize financial interests. Berra and Gil McDougald both are under the sign of Taurus, along with Country Slaughter, and this is a bad period for them although brighter days are ahead. Bob Turley is a Virgo and the influences are bad for him, too, right now."

"BOBBY SHANTZ is a Libra," the statuette actress continued, "and should help the Yankees greatly in this period as they find themselves again. Moose Skowron is a Sagittarius and this is very promising. He'll be a great help with his enthusiasm and inspirational qualities."  
"He and I would get along well, too," she dimpled dreamily. "I get along fine with Sagittarians. No, not so well with Leos."  
As the lady said, it's a distressing planetary time for us lions. Stengel, another Leo, knows exactly what I mean.

Power Lollar

Cerv Woodling

Jensen Triandos

Martini Held

THE WORD IS that the Yankees have traded away a better ball team than they are putting on the field now. The above New York cast-offs are starting for other teams: Vic Power of the Indians, Sherm Lollar of the White Sox, Bob Cerv of the Athletics, Gene Woodling of the Orioles, Billy Martin of the Indians, Woody Held of the Indians, Jackie Jensen of Bosox and Gus Triandos of Orioles.

## Rotary Leading Little Leaguers Into 2nd Round

At the end of the first round of play in Little League, Palm Springs Rotary Club was in the lead by one point over Hathaway-Palm Canyon Market, under the point system of accounting in vogue this year.

Under this system, according to Albert (Woody) Woods, LL president, each team is credited with two points for a win and one for a tie.  
Rotary has won three and lost one for six points. Junior Police with three losses and one tie, has one point.  
Hathaway-Palm Canyon Market, with two wins, a loss and one tie, has five.

Palm Springs Water and Lincoln-Mercury have two wins and two losses each for four points. The standings today:

	P	W	L	T	Pts
Rotary Club	4	3	1	0	6
Hathaway	2	2	1	1	5
P. & W.	4	2	2	0	4
Lincoln-Mercury	4	2	2	0	4
Junior Police	4	0	3	1	1

## Bowdry Nearing Chance to Seek Light Heavy Title

CHICAGO (UPI) — Jesse Bowdry upset boxing's top challenger for the light heavyweight title, Tony Anthony, so today he was on the threshold of taking over the position himself.

Rated No. 7 among the 175-pounders before he overcame the 3-to-1 odds favorite Anthony, Bowdry today had a chance to meet the long-time trial horse of the division, Harold Johnson. Another victory also might give Bowdry a chance as champion Archie Moore's major rival.

## Grier Signs Giant Pact Fourth Year

NEW YORK (UPI) — Roosevelt Grier, a 6-5, 275-pound defensive tackle, has signed to play for his fourth season with the New York Giants of the National Football League. Grier's activities last season were hampered by an arm injury.

## FIGHT RESULTS

MILAN, Italy — Teddy Wright, 190 lb., Detroit, stopped Bruno Fortini, 161 lb., Italy, 16.  
CHICAGO — Jesse Bowdry, 175, St. Louis, outpointed Tony Anthony, 171, New York, 10.

# 16th Softball Loop Starts Tuesday

## 6 Teams Compete for Title

Sixteenth season of the Desert Softball League gets under way next Tuesday evening at the Polo Grounds when the six-club circuit starts a three-month campaign to decide the 1959 Palm Springs championship.

Biltmore Hotel, 1958 champions, will start the defense of their title against the Desert Sun-Chi Chi team in the season's opener. Game time is 8 p.m.

DURING JUNE there will be three nights of play a week, single games on Tuesdays and Thursdays and a double-header each Wednesday night at the Polo grounds.

At the conclusion of the Little League season early in July, Desert Softball teams will play five nights a week.

At the end of the regular scheduled season in August, the top four teams will engage in a play-off series for the Mayor's Cup.

THE SIX TEAMS competing in this year's race and their managers, are:  
Desert Sun-Chi Chi — George Laine.

Biltmore Hotel—John B. Martin.  
Mexican Colony—Raymond Montoya.

Coachella Valley Savings and Loan—Roy Grow.  
Palm Springs Builders Supply—Sal Val Diva.

California Water and Telephone—Thomas Bradley.  
The Softball League is under direction of the City Department of Parks and Recreation.

## Leading Golfers In Louisville For Derby Open

LOUISVILLE, Ky. (UPI)—A \$20,000 jackpot and a final tuneup for sectional qualifying in next month's U. S. Open today lured professional golf's gypsies to rugged Seneca Golf Club for the first round of the third annual Kentucky Derby Open golf tournament.

The accent was on youth again this year with any one of a pack of hungry shotmakers capable of carrying off the Derby gold.  
Burlly Billy Casper, the ex-sailor who went on to one of his biggest years at the four cash register after capturing the title in 1957, despite a shaky finish on the hilly, tree-lined back nine; and little Gary Player, the smooth swinging South African pro who won the tournament last year after fighting off wind, rain and those same troublesome finishing holes, led the younger set into the 72-hole scramble.

Also entered were Don Whit, handsome Californian who squeezed by Player and Canadian Al Balding in a sudden-death playoff to win at Memphis, Tenn., last weekend, and always - dangerous Ken Venturi.

Heading up the corps of veterans entered were Doug Ford, Ted Kroll, Lionel and Jay Hebert, Jack Fleck and 1959 Masters champion Art Wall Jr.

## Oyster Group Asks Salton Sea Permit

SACRAMENTO (UPI) — The Fish and Game Commission met today to begin its crucial session on big game hunts during the coming summer and fall.

The subjects included application of Coast Oyster Co. and for an allotment in the Salton Sea for experimental purposes and a proposal for an elk hunt in Inyo County Dec. 5-7.

## Cobul Wins Stakes

CAMDEN, N. J. (UPI) — Cobul scored a two-length victory Wednesday in the \$29,125 Betsy Ross Stakes for three-year-old fillies at Garden State Park. Miss Royal finished a head in front of Shirley Jones for second place.

Billy Farrell Johnny Farrell in '28

LIKE FATHER, LIKE SON applies here. It was 30 years ago that Johnny Farrell won the U. S. Open Crown. Today he is golf pro at Baltusrol CC in New Jersey and his son, Billy Farrell will make a strong bid for the 1959 Open Crown. He topped all New Jersey qualifiers for the event.

## THEY'RE PRETTY PERFECT, TOO

## McMahon and Staley Saving Many Games

By FRED DOWN, United Press International  
Speaking of "perfect pitchers," how about Don McMahon of the Milwaukee Braves and Gerry Staley of the Chicago White Sox?

Neither has started a game this season, much less pitched 12 perfect innings, but manager Fred Haney of the Braves will take fireballer McMahon and manager Al Lopez of the White Sox will take knuckleballer Staley when a spotless relief job is required to wrap up a victory.

The ace "lock-up hurlers" did it again Wednesday when the Braves beat the Pittsburgh Pirates, 4-3, to retain their three-game National League lead and the White Sox downed the Cleveland Indians, 5-1, to move within one game of the top rung in the American League.

McMAHON, WHO HAS a perfect 1-0, 1,000 slate to show for 12 relief appearances, needed only three pitches—all strikes—to put down a ninth-inning Pittsburgh rally and preserve Warren Spahn's 252nd major league win. The Pirates, suddenly coming to life after 26 consecutive scoreless innings against Milwaukee pitching had rallied for three runs and had the tying run on second base when McMahon took over and bombed three strikes past Dick Schofield to end the game.

Staley, who has only a 1-1 won-loss record but an amazing 0.50 earned run average in 18 relief appearances, saved the 25th victory of Early Wynn's career by halting a ninth-inning Cleveland rally. Staley replaced Wynn with runners on second and third and one out and retired Minnie Miñoso and Rocky Colavito without permitting a run to score.

## English Soccer Squad, U.S. Team To Clash Tonight

LOS ANGELES (UPI) — England's touring national soccer team attempts to avenge a 1950 loss tonight against the strongest United States team ever assembled.

In the 1950 World Cup competition in Brazil, the U. S. upset the English club, 1-0. This is the first meeting between the two countries since then.

A crowd of 15,000 to 20,000 is expected at Wrigley Field for the international competition.

## Five Indians On All-RCL First Team

Joe Lewis Voted "Player of Year" By League Coaches

Five Palm Springs High School baseballers were selected for the first All-Riverside County League baseball team and Joe Lewis, Indian catcher, was chosen "Player of the Year" by baseball coaches of the league.

Eddie Rocketts of Perris, president of the Coaches Association, released the result of the voting yesterday.

Lewis received the highest number of ballots, 103, in the selections.

Leroy Segundo was voted the top pitcher; Joe Lewis, catcher; Marty Berk, second base; Cleo James, shortstop; Stan Cirata, centerfield.

Bobby Flores received honorable mention as pitcher and Lenny Ruiz was placed on the second team.

Coach George Schoi's boys won the RCL pennant by a one-game margin over Hemet, defending champion, after a 14-game campaign.

Lewis was singled out for his leadership in the drive for the Tribe's first RCL baseball pennant. Segundo was voted the best pitcher, and James, the best clouter.

## SAM HANKS LOOKS AT RACE

## 500-Miler Saturday Will be Wide Open

INDIANAPOLIS (UPI) — Record holder Sam Hanks said today Saturday's 500-mile auto race will be a wide open chase. But he tabbed five veteran drivers as the "cream of the crop."

He also predicted that his race record established two years ago will be smashed barring adverse weather conditions and major accidents which would slow the field's pace.

The front-runners in the scramble for a \$300,000 jackpot, said smiling Sam, included brothers Jim and Dick Rathman, pole-sitter Johnny Thomson, Rodger Ward and Jimmy Bryan, last year's winner.

"And there are several others to consider," said the 1957 winner. "They include Paul Russo, Bob Veith and Johnny Boyd."

"I think this is going to be the roughest race of them all," said Hanks, now a liaison man between the speedway and the car owners. "We have fine equipment and such fine drivers scattered throughout the starting lineup that picking the winner is a tough job."

Hanks, who holds the race record of 135.601 miles per hour,

# don't you believe it!

FELIX—Oil Painting by Herb Pfeffer, contemporary American painter  
Courtesy of Herb Pfeffer Fine Art Studio—Ranch Mirage

Oh, for the life of a Clown! Day after day of having fun and making people laugh. Colorful costumes, funny faces, crazy contraptions and nothing to do but travel around, see the world and spread smiles and enjoy the loud laughter of gay crowds. That is what a great many people think . . . but DON'T YOU BELIEVE IT!

What most people do not know or realize is that successful Clowns have put years of study including special training at a Clown School, have carefully worked out each detail of their own individual costume from head to foot, as well as each antic and stage prop. And, that the combination of using all of these to "make people laugh" is a skilled art requiring tireless energy and constant concentration. Any

Clown will tell you that he works long and hard to succeed.

Many people have a similar conception of being in business. The easy way to make money is open a shop of their own. All that is needed is the capital to get started. Save up, receive a windfall, borrow from Aunt Emma or the banks. Rent an office or store. Buy stock or equipment . . . And start making money. But, DON'T YOU BELIEVE IT! Like the life of a Clown, it isn't THAT easy.

The successful businessman of today's highly competitive world will tell you that securing a profit is also a skillful art requiring careful planning, preparation and strict adherence to principles proven to be indispensable in "making money." He will also tell you that the surest and best way to profit is

through intelligent, effective advertising. And, the most profitable form of advertising is newspaper advertising. That the most successful business, large or small, are the most consistent users of newspaper advertising. No firm can reach its maximum profit without it.

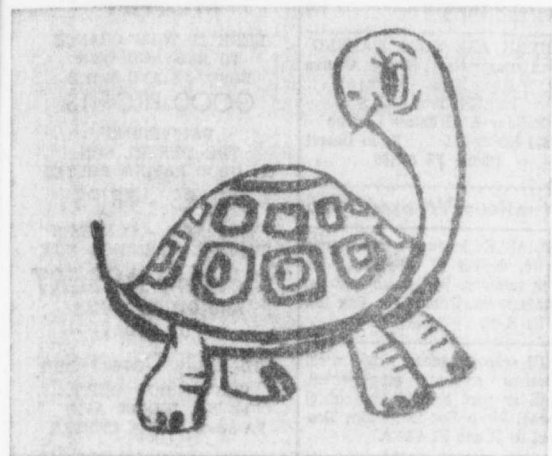

**YOU CAN BELIEVE THAT!** Ask the man who advertises in The DESERT SUN. He knows by experience that the most effective results come from advertisements in this newspaper and that in no other way can he reach more than a mere fraction of the more than 25,000 people in Palm Springs and vicinity who are daily readers of The DESERT SUN.

To grow and prosper, every business in the desert "needs" The SUN!

# Tortoise Tim's TIMES

HI! TIMERS, T. T. wants to say thanks for all the kind notes and remarks which he has heard in regard to the "Times." He is happy, too, over the growing interest of boys, girls, teenagers, parents and teachers in the "Times." T. T. is very much encouraged and appreciates your continually growing enthusiasm.

## THE MAIL BAG

4063 Calle San Antonio  
Palm Springs, California  
Dear Tortoise Tim,  
For Mother's Day my sisters and I gave my mother a kitten. We named her El Fuego Boca. When we first showed her to another, it said:

"My name is El Fuego Boca. I want to live nine lives too; But if I only live one, I want to live it with you."

Your friend  
Jacquie Rosenbaum, 10  
P.S. I said it for her (the kitten) (Jacquie), your mother must be pleased with your thoughtfulness and your clever way of presenting her with "El Fuego Boca."

All Timers, big and little, enjoy reading about these special things that are happening to each of you all the time. Let's hear about that trip, that party, that surprise with which Mom or Dad came home, that special discovery you made, that play, program or recital . . . Get the idea now?

32315 Whispering Palms Trail  
Palm Springs, California  
Dear Tortoise Tim,  
We went to the Safeway on a trip. We saw many things. Mr. Anderson showed us around. We saw a conveyor. It looked like a little railroad track. We saw how they cut meat. We saw where they keep milk and other things too. We went into the refrigerators. It was very cold. We had a big bus. Mr. Anderson gave all of us a banana.

## Poet's Corner

TWO THINGS ALONE  
by Pamela McGinley, 11½,  
630 Canon Drive, Palm Springs  
What a world we live in today  
Where cows are grazing  
And horses eating hay.  
Oh so content and so quiet  
These animals never raise a riot.  
But oh how much better our world  
could be  
If you, you, you and me  
Would work for two things,  
And two things alone,  
World Peace,  
And love in the home.  
(Now your turn to think of a clever  
line. Then with a little time  
you can make a rhyme.)

REJECTED  
by Andi Hass, 12, and Sandi Nelson  
12, Nellie Coffman Jr. High  
With the winter wind howling  
Through the trees,  
Pity the homeless  
On nights like these.

They wander the streets  
Through torrents of rain  
All do they lose  
But nothing they gain

Shivering in rags,  
With the storm raging round,  
They tried and they tried,  
But no hope had been found.  
Years have gone by  
Since they were accepted.  
Now they are castouts,  
Alone and rejected.

The storm rages on,  
The homeless unheeded,  
Not having the things  
That are wanted and needed.

### Special Mention

Special mention goes to these "Timers" for their contributions. Each story, poem, drawing, letter, etc. is appreciated. Keep on sending them! You could be a winner next!

## NEED MONEY?

You don't have to sell magazine subscriptions, garden seeds, save box tops or pull weeds to make extra cash. Just use your own product of creativity and ingenuity. Each published entry wins \$2 for you. Just follow the rules:  
1. If you are between 5 and 14, send a poem, story, good-neighbor letter, goal of the week, your favorite drawing, cartoon strip, picture and details for the reporter of the week, book review or solution to the challenge.  
2. Your drawings should be on white paper, "4 by 6", in black pencil, ink or crayon.  
3. Your cartoons should be on 3½" by 5½" white paper, in black pencil, ink or crayon.  
4. Send to Tortoise Tim, care of The Desert Sun, P.O. Box 190, Palm Springs.  
5. Include your name, age, address and grade.  
6. Don't give up! Keep on sending in your entries!  
7. Remember to give T. T. a week or so to get your check to you.

## Stories Of the Week

WE HAVE A TREASURE  
by Shauneen Heyden, 9, 2120 Pasco  
Gracia, Palm Springs

Our treasure is better than gold.  
Our treasure is a little, fat gurgling baby boy. He is my brother Jamie. All I have to do is say "Hi, Jamie!" and I get a big smile with three teeth showing. My brother is only eight months old and he reads the paper! He has a funny way of reading, though. When he finishes it he really finishes it! It takes a while to pick up the pieces. Then he smiles at me, his face and hands black from newsprint, as if to say, "Look what I did." He sticks his tiny finger in his mouth with a rush and chews where he's about to get a fourth tooth. When I say, "Oh! that looks like a good finger," he says, "Yah-yah-yah!" He is so cute and so sweet and . . . "Oh! stop that, Jamie, you're tearing my paper!"  
(Shauneen, your little brother is truly a priceless treasure—even if he needs his hair adjusted every now and then!)

MISSIONS IN CALIFORNIA  
by Donna Eldridge, 10,  
641 El Placer, Palm Springs  
In early Spanish days in California there were many missions. The first mission that was built was the San Diego Mission. The mission fathers brought all kinds of supplies for the missions. The most precious of all were fruit trees and sacks of seeds. The Indians were good helpers. The soldiers would guard the missions.

At the end of fifty-four years, twenty-one missions were built. Each mission had a padre. They carried all of their heavy things in two wheeled carts called "carretas."

Our fourth grade made a model of the Santa Barbara Mission.

A STORY OF AN ELF  
by John Rayson, 9, 30-060  
Lawrence St., Crossley Tract,  
Palm Springs

Once upon a time there was an elf. His name was Keith. One day as Keith was in his rocking chair, Keith was surprised when he saw an egg. He jumped with joy. When Keith went out in the garden, he saw the egg and a robin perched on top of the egg. Keith thought this was a sign that Spring was here. Keith thought that all his animal and bird friends would be back from their winter sleep. Then Keith would not be lonely any more.

CHERRIES  
by Sherry Kreins, 7½, 235  
East El Portal, Palm Springs  
One day there was a cherry tree. I climbed up it. It was fun. I picked some cherries off it. They were good, very good. I told Mother about it. She gave me a basket to pick some of them. She made a cherry pie and it was good.

A LOVELY CRANE  
by Marsha Long, 9, 4445 Calle Carlos, Palm Springs

Y. Y. IS GRATIFIED with your response to Prof. Challenge. Prof. Challenge would like to know the answer to this "brain stumper." They say that Lotta is twice as old as Les used to be when Lotta happened to be as old as Les is now. Les is now 18. How old do you think Lotta is? The first one in with the earliest postmark and nearest correct solution will be the winner. This week's winner is Linda Tuttle, 12, 218 South Palm Canyon Drive, Palm Springs. Her solution: 17 plus 23 plus 54 plus 4, equals 100.

## HOW MUCH WILL JET TRAVEL BOOST AIRLINE STOCKS?

Shearson names six well-known  
airlines as strong gains prospects

The jet age is here to stay . . . and jet travel has already given the airlines a positive lift. The great Sharlets have caught the public's fancy; and so have the new turboprops, such as the Viscount and the Lockheed Electra.

Maintenance costs are comparatively low, and the jets are operating at full capacity on almost every flight. Fare rises and better all-around operating efficiency are added elements that are contributing to the airlines' rapidly improving profit picture.

People have more money for travelling these days, too -- as business recovery spurs the general economy and more people travel on credit. In Shearson's opinion this will help the airlines to continue the steady increase in load factors which built revenues to a new high of almost a billion and a half dollars last year -- an increase of more than 35% since 1946!

You will find all these factors explained fully in a brand new Shearson report that gives you the industry's current profile and Shearson's projections for its future. Six national and regional airlines with stocks that are reasonably priced at present are named in this report . . . along with pertinent facts and figures about them. Some of these stocks are more speculative than the others; but all six are recommended as first-rate capital gains prospects.

Would you like a copy of Shearson's new airlines report? It is yours without obligation if you will simply fill out and return the coupon below.

FRANKIE ORTEGA'S TRIO furnishes the back-stopping for an unusual quintet in this sequence at the Saints and Sinners Room of La Paz Hotel. The Bonaires, who were performing at the Chi Chi Starlite Room, grabbed Ginny Simms from

her table at the Chi Chi and paid a friendly call on Ortega and bass player Bert Hanson and drummer Walt Sage. They wound up doing a show for the La Paz patrons that featured Ginny harmonizing with the boys. (Desert Sun Photo).

## Morongo Valley To Hold Annual Fiesta, Barbecue

MORONGO VALLEY — Morongo Valley will hold its 12th annual Fiesta and Barbecue May 29 and 30, under the sponsorship of the Chamber of Commerce here.

Theme this year will be "Spirit of the West," and two days of gaiety are planned.

On May 29 the midway will open at noon, with a German plate dinner to be served from 5 to 8 p.m. A Hi-Desert Square Dance is scheduled to start at 8, with Osa Mathews calling.

The midway will open at 10 a.m., Sunday, with games and contests for all ages from 1 to 4 p.m. A concert by the Twenty-nine Palms Marine Corps bands will start at 4. There will be a barbecue served from noon on. At 8 p.m. there will be dancing to the music of Vi Ray's Orchestra.

## Residents Asked To Donate Toys To Friendly Aid

Village area residents who vacation elsewhere during the summer months today were urged by Welfare and Friendly Aid to leave old toys with Bob Byerly, Palm Springs own "Santa Claus," so that he can repair them and have them ready for Christmas gifts for less fortunate children.

Persons having toys they wish to donate may contact the Friendly Aid at the Health Center, or Mrs. Jerry Sanborn, FA 5-2907.

## SUPERVISORS GET LOOK AT BUDGET

A total budget of \$34,208,962 for 1959-60, an increase of \$4,251,352 over that of last year, was presented to the Board of Supervisors this week by Administrative Officer Robert T. Anderson, as a preliminary figure which may be whittled down considerably during the budget discussions which will get under way next Monday, June 1 at 2 p.m.

As to the probable tax rate, Anderson said it is impossible to estimate it at this time. Much depends on the unexpended balance in the general fund, an amount which will not be known until about July 10.

AN INCREASED assessed valuation is expected to aid in controlling the tax rate. The exact increase will not be known until July 11, but Anderson said it will probably approximate \$590,000,000, an increase of 8 per cent over the previous year.

As uncertainty of the Bradley-Burns sales tax program continued this week, and the county is faced with its discontinuance Oct. 1, Anderson said the preliminary budget has been prepared on the assumption that sales tax revenue will be decreased approximately \$472,000. He estimates that total revenues from all other sources except property taxes will show an increase of \$1,636,328.

AS TO CAPITAL outlay, including buildings, dumpsites, and land acquisition, Anderson estimated a total expenditure in 1959-60 of \$1,651,521 including a carry-over of \$373,521. If all the proposed projects are authorized he said they will represent an increase of 18 cents in the tax rate. He suggested that to meet all needs for the

next five years the county should adopt a 20-cent tax rate for the Accumulative Capital Outlay Fund. The budget work schedule as it now stands calls for adoption of the preliminary budget June 8, but indications were for a week's delay to June 15, Supervisor George Berkeley having requested a week's delay to allow time for study.

COPIES OF THE revised adopted preliminary budget are expected to be available to the public June 29.

Hearings on the final budget are scheduled to commence July 30. The budget may be adopted any time after hearings begin, provided that all protests and requests have been heard, but the hearings will close no later than July 30.

Aug. 17 is the date suggested by Anderson for setting the tax rate.

## Paralytic Polio Said on Upswing

WASHINGTON (UPI)—The Public Health Service has warned that paralytic polio is on the upswing. The number of cases during the first four months of this year were nearly double the same period last year.

Dr. John D. Porterfield, acting surgeon general, appealed to the public to get polio shots. He pointed out that last year polio increased 45 per cent over 1957.

The first electrically operated fire alarm system in the United States went into operation in Boston in 1832.

## Dear Abby...

DEAR ABBY: My Sunday School teacher says that God is everywhere. Please put this letter in the paper and maybe He will see it.

Dear God: Why did you let my brother die? When he was hit by the car my mother prayed to You to let him live but You wouldn't. My little brother was only two years old and he couldn't have sinned so bad that You had to punish him that way. Everyone says You are good and can do anything You want to do. You could have saved my little brother but You let him die. You broke my mother's heart. How can I love You?

DEAR PETER: Your question is one that has troubled mystics for thousands of years. One great thinker wrote a book about it. It is called "JOB" and is part of the Bible. It says that the suffering of innocent people is something we cannot understand. But this much is sure: Death is not a punishment. It is one of life's mysteries. Speak

to your minister, Peter. Communicate with God by praying, and He will help you in your search for wisdom and goodness and help make your Mommy happy again.

DEAR ABBY: I was a sailor for eleven years and lived in 24 countries, but it took a country gal to show me how dumb I was. I dropped into my hick home town for a visit and before I left town this kid says: "Hold it, Sailor, I'm going to have your baby." So I married her. We waited. The girl didn't lie. She HAD a baby. Two years later! So tell that soldier who thinks he got roped in not to be excited. The stork will arrive. That long-legged buzzard lives at our house. We have nine kids now.

A TAMED WOLF

DEAR ABBY: I want to help a couple of dear friends get married on the q.t. You see the gentleman does not have the approval of his children. (Their reasons are purely selfish.) This couple wants to

know if they could make application for a marriage license without having it appear in the local newspaper. The lady is 67 and the gentleman is 73. Sincerely,

MUTUAL FRIEND

DEAR FRIEND: A clergyman or lawyer could answer this question for you.

DEAR ABBY: Have you any suggestions for getting our son to date a certain girl without telling him to? This girl is charming, has a wonderful personality and would be an ideal match for our son. He seems to prefer the type who is "loads of fun" and on the flirty side. How can we get him to realize that the more steady, perhaps quieter type of girl is more loyal in the long run? He is 18.

DEAR PARENTS: A sure way to kill any possibility for a romance between the girl and your son is to start giving this girl a big build-up. If you want your son to become interested in her, arrange an "accidental" meeting,

and let him "discover" her himself.

DEAR ABBY: I am going with two fellows and I am having a hard time making up my mind which one I want. "A" is six feet two and very nice, but he is very conceited and acts like he is doing me a favor when he takes me out. But he does make a wonderful appearance and all the girls envy me when I'm with him. "B" is the exact opposite. He treats me like a Queen and is interested in my wants and desires above his own. He is nice looking but he is only five feet six (I am five feet, flat-footed) and I am debating between the two of them. Can you help me?

MARY JO

DEAR MARY JO: Quantity can never take the place of quality. Take the little one . . . you can see eye to eye.

DEAR ABBY: Before I got married I went with a girl and you might say we were practically en-

...by Abigail VanBuren

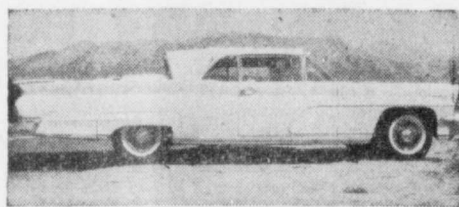

gaged although I never gave her a ring. She gave me a gold wrist watch, which I wore all the time. Nothing was said about this watch until two years after I got married to another girl. My wife and I were driving along (we were on a trip) when all of a sudden she said to me, "I won't believe that you love me unless you take off that watch and throw it in the lake." So I took off the watch and threw it in the lake. Was my wife right or wrong in asking me to do this?

WONDERING

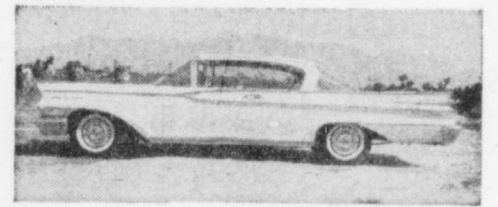

DEAR WONDERING: She shouldn't have asked you to throw it in the lake. (You're lucky she let you take it off first.)

CONFIDENTIAL TO PERPLEXED NURSE: I have news for you. Sometimes you have to bring up the father before you can bring up the children.

For a personal reply, write ABBY, in care of this paper. Enclose a self-addressed, stamped envelope.

WHAT BECAME  
of  
TYPHOID?

Not until after 1900 did U.S. citizens accept public water supply systems as sources of potable water. Scientists discovered water borne disease germs in 1875. It then took about 30 years for the people to believe that such serious diseases as dysentery,

cholera and typhoid fever epidemics were due to germs in their drinking water. Finally they realized that water could be clear, cold and fresh - tasting, yet dangerous to drink. The water works industry built treatment plants . . . sand filters and chemical feeders. The public abandon-

ed private wells. Today, water - borne disease in America has virtually disappeared. In some 50 years, the U.S. typhoid

death rate has dropped from 200 to less than 1 per 100,000 persons. Hippocrates, the "Father of Medicine," in 440 B.C., told the Greek people to boil the water before drinking it, but today America's public water supplies are safe.

The water works superintendent in a real sense today is a custodian of public health and a vital force in the Nation's economy.
